

Each valued client will be exposed to a natural, personal & tranquil atmosphere within the SPA resort area.

The ingredients & fragrances used for SPA treatment are NATURAL and harvested directly from within the SPA plantation. Our SPA personnel will walk you through some of the natural herbs plantation allowing you to experience this exclusive & **personalized** service treatment.

The entire back-to-nature experience will bring you to a journey of tranquility through the natural atmosphere of the fruit trees, ponds, birds and insect world at night. The coolness of the night brings serenity, peace and rejuvenating all your 5 senses, an ideal atmosphere to slip into a meditative mode.
